### What Makes PREROGATIVE HAIR SYSTEMS Better Than the Rest?

#### pH Balances Hair

Mixing products, using homemade concoctions and lack of care alters the pH balance, and health, of your mane. Unbalanced hair may feel brittle, crunchy, mushy, or tangled. Our premium-quality, salon-grade **ESSENTIAL HEALTHY-HAIR KIT** restores pH balance and health for easy maintenance and styling.

#### Moisture Balances Hair

Most girls with curls struggle with hair dryness, which may cause split-ends, weak and brittle strands, and dull hair that's unruly and difficult to manage. Our **ESSENTIAL HEALTHY-HAIR KIT** restores hydration - resurrecting dead strands to health. Finally enjoy soft, thick, hydrated hair with a healthy shine.

#### Strength Balances Hair

Many curly girls have weak hair and breakage. Do you have too many strands lost to your comb or brush? The **ESSENTIAL HEALTHY-HAIR KIT** repairs deeply damaged tresses and restores vital strength - giving you hair that grows longer, smoother, super-elastic and well-defined. Restore balanced vitality today!

## Real Stories from Hair Trouble to Hair Triumph...

*"Before I started using Prerogative Hair Systems I had to layer a ton of products to manage and style it. And these products were pricey.*

*What I love about Prerogative products is that I no longer need to use a huge list of products. With Prerogative, my isn't weighed down, I don't have to use much shampoo – just a quarter-size amount – on my super-thick hair.*

*I've used the Essential Healthy-Hair Kit for about 3 months now and love it. My favorite is the Rebirth Deep Cleanser and the Resurrection Miracle Mask. We have very-hard well-water where I live so Rebirth does a great job cleansing hard-water deposits out, leaving my hair soft and pliable.*

*I used to lose so much more hair with other products, but with Prerogative, I'm keeping more hair than ever before. I can't believe it! The Argan Oil doesn't leave my hair greasy. My hair is light, soft, easily manageable and is always left smelling amazing.*

*Everybody should be using these products."*

**BEFORE MAKEOVER:** "I struggled with hair that was unruly, frizzy, unmanageable. It had the look of a wild animal."

*"My hair has been natural for about 9 years now. The biggest issue I've had is dryness, brittle and easily tangled ends.*

*I've been using the PREROGATIVE ESSENTIAL HEALTHY-HAIR KIT for over 2 months and it's added so much moisture to my hair. With a little of the leave-in conditioner, I can easily comb through my hair. I used a lot of different products to manage my hair.*

*When I got my shipment in the mail, I was so excited. It came with a calendar regimen that is super-easy to use. It shows me exactly when to use each of the 6 products in the kit throughout the month.*

*I love the smell of the products and the shampoo is rich, so I don't have to use that much. I no longer hear that popping sound when I comb through my hair.*

*I also bought the book, "It's My Prerogative," and loved all I learned about managing my natural hair.*

*Plus, it's no longer crunchy like it was. It feels very hydrated and manageable. I would advise anyone who wants healthier hair to use this system and get the book, also."*

**BEFORE MAKEOVER:** "My hair was dry, kinky and somewhat frizzy."

unmanageable...it basically had a mind of its own.

**AFTER MAKEOVER:** "My hair feels soft and flowy. I love it. My makeover session went well and I feel like I can manage this. It's my prerogative, my hair, my way, everyday!"

I tried a lot of the main name-brand products and still struggled with my hair."

**AFTER MAKEOVER:** "Now my hair feels very soft, silky, and bouncy."
